“ *Once after a long day in the woods Gerald and I dropped off 6 cord at a client's home & were speeding along the highway in the dark - just looking forward to a hot shower, dinner and relaxation. All of the sudden for no apparent reason a wire shorted and all of the lights went out - I'm talking no headlights, no dashboard - the whole shebang... Speeding along a highway at 60+mph in pitch dark is not my idea of fun. Scary!!!*

Gerald said to me "Uh-oh, hang on babe" and didn't slow down one bit. He just juggled some switches and what seemed like minutes later (probably only about 15 seconds) the lights came back on.

Phew - everything was ok!

And that's just the kind of guy he was - excellent in a crisis, kept his head and just kept going forward. I always felt so safe and secure with him.

I'll miss you in my life Gerald. Love you so much.
