“ Bud was a longtime Conconully cabin neighbor of ours. He was such a great guy, he always enjoyed being there. He always hoped his family would take it over, and asked us first who we would prefer to buy it! A class act all the way.

“ Fisher's Food Store was our family's food store. Every trip there was topped with conversation from all the Fishers working there. Bud was extra special in that his comments were genuine and meant to help us grow to be better. You always felt like you were somebody after talking to Bud.

“ I remember when Bud was quite active in Little League and he would always make sure I had a special bat that was 27in. No one else used one that small. I lived with Rick and his parents and Bud was always such gentleman when around. Nothing but fond memories of him.

“ Many many years remembering Bud as Mom and I helped wrap our steer while he cut. He once said to my ex that the best thing about my folks (Claude and Maxine Way) was that he only had to cut it into four big pieces cause our steaks were the size of most people's roasts).

Truly many fond memories 🙏💜
