

Kathleen Marie Hart-Kinney

February 6, 1956 - August 2, 2022

Kathleen Marie Scott Hart-Kinney, 66, peacefully slipped away in her sleep, finally free of Alzheimer's on August 2, 2022 in Spokane, WA.

Kathleen was born in Seattle, WA to the late James and Arlene Scott. She spent most her life living near to her childhood home until moving to Tonasket, WA in 2018. Kathleen was a member of the Teamsters Union employed by the Port of Seattle at SeaTac Airport, until her retirement in 2015.

Kathleen loved to travel and her 'happy place' was vacationing in Hawaii with her husband and children over the years. She and her husband of twenty-eight years also enjoyed celebrating their anniversary at Lake Tahoe, where they were married. Growing up, she loved camping and continued spending time outdoors in nature with her own family. Another love of Kathleen was animals of all kinds. She delighted in the companionship of her (sometimes numerous) pets!

She absolutely adored her grandchildren and cherished spending time with them.

As a hobby, she had the ability to grow just about any kind of plant. She brought home what looked to be 'sticks' from Hawaii that she would successfully nurture into the most beautiful exotic and fragrant flowers!

Kathleen was known to be energetic and sassy. She had a very generous heart and didn't hesitate to offer help to those who needed it. She and her family volunteered to feed the homeless during the Thanksgiving and Christmas season for many years. She frequently had more kids in her home than her own and offered them support and shelter when they needed it.

Kathleen is survived by her husband Ron Kinney; her sons James and Eryc Stefano, Andrew Kinney, Cole Hart; her daughter Sierra Hart; her sisters, Virginia (Ginger) Scott, Janice (Jae) Scott, brothers Timothy Scott and Robert Scott; her four grandchildren, Joeseeph and Anabele Ingraham; Elby Hart; Isabelle Kinney.

When you look up in the sky at all the stars
Know that it's our loved ones shining down on us.
To let us know they are happy and sparkling
Just how Kathy sparkled when she was with us.
