Paul married Deb, his soulmate in June of 1992 and they moved to WA State and settled in the Methow Valley and the last few years in Okanogan. Paul worked in the Okanogan School District for many years as well as the Methow. He treated people with respect and was always an advocate for people that needed it the most! sense

of humor, as he loved to make people laugh! Paul enjoyed golfing, fishing, BBQ-ing, hiking, camping, swimming and working on projects, but most of all spending time with his family and friends, while listening to music!

“ *Paul had a unique ability for comic monologue. Paul was intelligent, witty and had spontaneous humor. He was fun to be with and an icon to his friends. Everybody loved him. I have cried and will miss him.*

Paul was the nicest, cutest cousin to me! He was quite a bit younger so he was a darling "tag a long" following the older cousins! He always had a smile, I never saw him cry! I know he had a lot of action in his life each day growing up with the family! I was always amazed when we got together at grandmas house! I only had one younger brother so it was always a party with the Christophersons!

I am very sorry that Paul had to suffer so much after his accident. He was such a gentle soul and I can't imagine his pain and his family's sorrow. I just try to imagine a beautiful reunion in Heaven! Susan and Mark and his dad waiting for him and grandma and grandpas and aunts and uncles and cousins and family and friends all there to greet him! My brother, Rand is there, too and my mom and dad. Blessings to you all and Paul is in the hearts of us all, forever. ❤️
