“ *My condolences to you all. So sorry in Aunt Sherry's passing. I will always remember her generosity when I was growing up. She drove me to many school dances., whenever I asked. :D  
We shared a common humorous relationship. She will be missed but held close to my heart.  
Much love.  
xoxo

*Such a beautiful soul. She laughed easily. She was one of the constants in my life. I could always count on her. She was so creative, and could make anything. I loved her, and I appreciated her. I am so grieved at her loss. My love to my Uncle, and my cousins.*

*I just found this site today, and desire to share, too.*

*Thank you for your writings: Connie, Mary Clare, Christine, and Clarice.  
What wonderful memories! :)*

*My family travelled to Kent, when I was 16. I saw Sherri for the first time. I remember that she and Danny were sitting together on the couch at Grandma's house.*

*A couple of years, before she passed, I had the pleasure of having phone conversations with her. She spoke so friendly, as though she had known me all along! I was amazed!!! :)*

*What a beautiful photo of her!!!*

*Thinking of you, continually, Uncle Danny & family.  
Your niece, Cathy Courneya Westerberg*
